Stew Pinkston, junior pre-medical student, was appointed stage manager for "How's It Goin'" at an executive committee meeting Tuesday night, Ray Bishop, director of the show, announced yesterday. "Pinkston's experience with past productions will make him valuable to the show," Bishop said. Bishop also announced that the show has gone into rehearsal this week. He reminded all persons with parts to check the bulletin board in the Revelries office, room 8, for rehearsal time of their sequence.

"Things are progressing fine," Bishop smiled, "and by the way things are shaping up, I would say that this year's production of Revelries will be among the best ever."

## Senior Class States Dance

The dance in the women's gym, to be held after the Fresno State college basketball game Friday night, will be sponsored by the senior class, Bob Sampson, class president, announced yesterday. All members of the student body and their guests are invited, Sampson said.

The affair will last from 10 to 1 after the game, and is under the chairmanship of Marjorie Chapell.

## Book Exchange Open Tomorrow

Because \$110 was unclaimed at the A Phi O student book exchange, the exchange will be open from 12 to 1:30 Thursday to enable students to pick up their money. "If the money can't be picked up at this time, call between 6 and 9 Wednesday night at Mayfair 2728 for an appointment," said Dick Hoffman, chairman of the exchange.

## Artist Wins Scholarship Of Lodi Club

Former San Jose State college art student Nell Randolph has been awarded a scholarship that will enable her to spend six months at the San Miguel University of Fine Arts in Mexico.

Miss Randolph, who is visiting in San Jose this week, received the award from the Lodi Rotary club scholarship fund.

"I am very thrilled about the prospect of studying down there," Miss Randolph said, "because it is something I have always wanted to do."

The Lodi city library recently featured an exhibit of Miss Randolph's work. She lives in Lodi with her parents.

The young artist attended San Jose for two years.

## Decision on Card Playing Expected Before Week-end

A decision is expected from the Student Union board by Friday concerning the card playing ban, Dean of Women Helen Dimmick, board member, disclosed yesterday. The ban on card playing in the Union has been in effect since November of last year.

The dean said that any result is pending voting by several members who were unable to attend the meeting held yesterday afternoon in the Union.

At the end of last quarter, when the decision to prohibit card playing was made, there was a great deal of feeling against the ruling. A petition was circulated in an attempt to rescind the ban, but it was discovered that the Student Council and the Student Court were powerless to act in the matter.

Since the ban has been in effect, other forms of time-consuming diversions have replaced card playing, such as checkers, chess, and monopoly.

## Jenvey Opens Term as Rally Group Leader

Bud Jenvey, newly appointed Rally committee chairman, opened his term of office Monday evening with the announcement that the position of assistant chairman was open for nominations.

Nominated for the office were Nick Cassella, Barbara Rodenborn, and Stew Pinkston. Jenvey said that nominations for the office will be held open until next Monday night, because of the absence of members who might qualify for the position.

After outlining a program of necessary policy for the Rally committee this quarter, Jenvey opened nominations for standing committee chairmen and asked for a subsequent vote.

Elected chairmen were: John McSweeney, usher's committee; Don "Rock" Aneal, maintenance committee; Don Titcomb, entertainment committee; and Vern Baker, publicity committee.

Jenvey said that a statement of complete policy of the Rally committee would be given following an executive committee meeting at 3:30 p.m. today in the Student Union.

## Journalism Head Offers Course in Radio Writing

If in the spring any SJSC students' fancies turn to radio writing they may take a course in that subject, according to information from Dwight Bentel, head of the Journalism department.

"This course will be open to all students," Bentel stated. "Naturally," he went on, "the enrollment will be necessarily limited. Therefore, we wish that students who think they might be interested would please contact the Journalism department. The course will deal mainly with preparing written material for broadcasting."

Mr. Bentel added that there will be a course offered in magazine non-fiction writing next fall.

## Injury Service Rules Revised

Injury Service Fund rules were revised Monday night at the first Student Council meeting of the quarter to broaden the protection already provided. The new amendment provides that classes not now covered by the service may get a special temporary permit to provide injury protection for Council-approved activities.

Classes not already covered which schedule off-campus activities must apply for coverage in the Graduate Manager's office at least one week before the date of the proposed activity. The application must be approved by a two-thirds vote of the Council. In addition, the Health office must be notified in writing of the forthcoming activity, also a week in advance.

The Spartan Daily reporter yesterday inadvertently lofted Don DeGeller to as yet unappointed heights. Student DeGeller was appointed a Senior Justice on the Student Court.

On the recommendation of Coach Charlie Walker the Council voted to provide 11 special awards for the NAAU Junior Indoor water polo champions. In his letter to the Council Walker commended the water polo team very highly for their exceptional performances in the 1948 season.

Three additional awards for the 1948 Frosh football team were voted by the Council on the recommendation of the Athletic department. This brings the total awards for Frosh football to 36.

## 'Icebound' Begins Run Tonight At 8:15 in Studio Theater

## Missing Wrist Watch Returns

As Sam Spade would say: "The missing wrist watch caper is officially closed."

In yesterday's Spartan Daily there was an account of how a Spartan slickered a lost wrist watch from a high school girl by offering to turn the watch in to the college Lost and Found department. The story mentioned that up to the hour of publication the watch had not been turned in.

Dean of Men Paul M. Pitman accepted this version of the story from Miss Cecelia O'Neill, dean of women at San Jose High school, without doubt. The Dean offered to serve as intermediary in the case to forestall possible police action. Dean Pitman was quoted as saying, that if the watch was returned to him no questions would be asked.

When he checked the Lost and Found office yesterday Dean Pitman found to his amazement that the watch had been turned in Friday morning and the returnee had left his name and address at the office.

## 'Jardin Du Soir' Set for March 5

March 5 will be the date for the "Jardin du Soir" Junior prom, stated Dick George, junior class president, yesterday.

George Buehring was appointed chairman of the dance committee and plans are progressing for the formal affair.

## Overnight Seen as 'Best Ever'

Bob Sampson, president of the senior class, promised late yesterday that the coming senior overnight will be the best ever. The event is to take place Saturday and Sunday, Feb. 6 and 7, at Asilomar, near Pacific Grove.

All seniors who plan to attend the overnight must sign up at the booth in the library arch in order that reservations may be made. The price for the two days is \$3.75, which includes food and lodging. The matter of transportation will be handled by a pooling of cars.

Sampson said that those seniors that attended the overnight last quarter won't want to miss it, and urged all seniors to attend. The program will feature games, dancing, and entertainment, according to Sampson.

Seniors who sign up must pay a \$1 deposit at the time of signing.

## Summer Session Schedule Features Varied Courses

"There will be a great variety of courses for students attending summer school this year," stated Dr. R. M. Mosher in a recent interview.

Dr. Mosher, who will head San Jose State's summer program this year, outlined some of the particulars of the coming summer session.

### Classes Begin July 15

The nine week stint will include almost every course given any other quarter except for certain science, math and commerce courses. "This program will enable the student to take a full 15 unit load in nine weeks instead of 12, and thereby hasten his graduation," declared Dr. Mosher. It will begin July 15, and will end on Sept. 3.

The five week course will offer workshops in resource conservation, stagecraft, kindergarten primary, and will conduct a symposium for speech correction, plus other courses. The

## Lycurgus Photo Competition Opens; Contributors Must Be 'Strictly Amateurs' To Enter

Bob McFadden, Art Editor of the next issue of Lyke, which is due to hit the stands March 14, today announced the second quarterly photo contest was open to "any and all students." In announcing the rules for the new contest, McFadden expressed the hope that the entrants would be as numerous as the last issue.

## PhiBetaKappa To Hold Dinner

The Santa Clara valley association of Phi Beta Kappa will hold its annual dinner Tuesday evening, Jan. 25, in the gymnasium of Willow Glen Methodist church, Minnesota and Washington streets, Dr. Harold P. Miller, president, announced.

Guests of the association will be recent graduates of San Jose State college who were elected to the "key club" in their senior years, and seniors of Santa Clara university who have been elected to Alpha Sigma Nu, national Jesuit honor society.

five week course will begin July 5, and end Aug. 12.

A three week course has also been planned in elementary science, and in industrial arts.

### Assemblies Added

As an added attraction for this summer Dr. Mosher has arranged to have assembly programs which will come under the general heading of "The world scene today." At these meetings outstanding men from professional fields will tell of latest developments in their work.

Dr. Mosher has invited all prospective summer students to see him about "the courses they would most like to have."

A preliminary list of courses will be printed sometime in February, and a complete catalog will come out sometime in late March.

There are lists of prospective courses in Dr. Mosher's office.

In response to many complaints, a new rule was added stating that no student now contributing regularly to a campus publication would be eligible.

The rules as announced are as follows:

1. Entrant must be a ASB member.
2. Technique: India ink.
3. Drawings on white paper; 6 1/2 by 10 inches.
4. No entrants from students on other campus publications.
5. Contest closes Feb. 21.
6. Entries will be turned in to Lyke office, B-94, with name, address, phone number.
7. Cartoons will be judged on neatness, humor, and technique.
8. Judges are, Mike Overhulse, editor, Bob McFadden, art staff.
9. Lyke reserves the right to edit for publication, and all entries become property of Lyke.

McFadden added that cartoons pertaining to campus and other local interest locations are preferred.

News of the contest was released through Mike Thomas, Lyke publicity man.

## Garden City AC Downs Cook Auto

With control over both backboards, the Garden City A.C. had little trouble dispensing with a game Cook's Automotive 61 to 27 last night in the men's gym in the third round of the intramural league.

In the other game played, a smooth Yellow Jackets team easily crushed the Music five.

Standout man for both games was Ed Bradbury of Music who tanked 17 points. The best crowd-pleaser was Woody Linn of the Garden City A.C. five.

The game to see is the coming contest between the Yellow Jackets and the Garden City A.C.

## Ed Majors Called

# State Welfare Department Announces Job Examinations

By BILL RAYER

The State Department of Welfare has announced a tentative merit system examination for public assistance worker, grade one, for early in April, and has indicated its willingness to give the examination in San Jose if enough students are interested in taking it, according to Milton B. Rendahl of the Social Science department.

"Public assistance workers receive and investigate applications for old age security, aid to the blind, aid to dependent children and indigent aid. Duties include making home calls, calls on collateral sources of information, office interviews, and the preparation of certificates of eligibility," Rendahl said.

### Will Make Appointments

From the eligible list thus established appointments will be made to jobs in the 49 merit system counties of California (exclusive of the nine counties with their own civil service systems.)

The entrance salary varies from \$150 to \$215 monthly, depending on the county of employment, a bulletin from the department said.

Students who have completed three years of college work, regardless of the course taken and regardless of previous work experience are eligible to take the examination.

### Staffman Will Interview

Mr. A. R. Albouze, personnel officer, has indicated that if there is a group of seniors seriously interested in such employment, a member of his staff will come to San Jose to interview them and give full information on placement opportunities.

Interested students are requested to leave their names with Mr. Rendahl, in room 30, or with Miss Doris Robinson in the Placement office.

## Ad Techniques Currently Shown

Illustrations of techniques used in advertising are now on exhibit on the first floor of the Art department.

Miss Marian Moreland, commercial art instructor, prepared the exhibit for the benefit of all students.

"The exhibit will be of particular interest to commercial art majors," said Miss Moreland, "but I have noticed many students stopping for a look at the interesting sketches."

Many of the sketches shown were published by the Container Corporation of Chicago after they had appeared in magazine advertising. The other sketches have been acquired from various sources, Miss Moreland said.

## O. T. Department Schedules Unique 'Idea Exchange'

The Occupational Therapy department's "Idea Exchange Party" is scheduled for 7:30 to 9 p.m. Thursday, Jan. 20, according to Pat Corbett, O.T. club president. All Occupational Therapy majors are invited.

"This party is only one of the many new features of the club's winter activities," Miss Corbett said. "Future plans include the offering of instruction in unique arts and crafts not presented in the college curriculum."

"Refreshments are planned," she revealed, "and there will be a demonstration of novel crafts so bring your old newspapers, baling wire, and new ideas!"

## Students May Get Test Scores Now

"All students, especially freshmen and transfer students, will find it helpful to check on the results of their personnel tests," said Dr. Harrison F. Heath of the Personal staff yesterday.

Dr. Heath explained that the Personnel office refers to a student's test scores when he needs a letter of recommendation, is considering a change of objective, wants to withdraw from college, or needs advice about college problems.

"Since we refer to these records all the time, it is to the advantage of the student to have some idea of what the records mean," he added.

## Radio Club Elects Officers

Members of the SJS Amateur Radio club held an election of officers at their first meeting of the new quarter, Mr. Harry Engwicht, club advisor, announced Monday.

Elected were: Jack Atkinson, president, and Raymond Gaschk, secretary-treasurer.

Refreshments were served and club projects, including the construction of two new voice transmitters, were discussed, Engwicht said.

Every day a Spartan Daily reporter ambles into the office of Miss Margaret Twombly, director of student health service, for a report on the general health of the campus populace.

Yesterday the reporter was greeted with a silent smile.

Then, with great effort, Miss Twombly said in a low, hoarse whisper, "I don't know if this is news, but I can't talk."

Miss Twombly has laryngitis.

It's easy; just get a load of the following: College sophomores are now eligible for probational appointment to the position of student aid, or trainee,

at a salary ranging from \$2284 to \$2724 a year. Better yet, you only have to work at being a trainee during the summer.

The educational requirement is one year of college work at certain institutions, of which San Jose State college is one. Applicants must be at least 18 years of age and not over 35. This does not, however, apply to veterans.

All applicants will take the same written test of general abilities. The test will not cover technical material and takes approximately three hours. Veterans will receive five point preference on the scoring.

Copies of the announcement, sample copies of the examination, and application forms can be had at the United States Civil Service office in the local Post office building.

Applications must be received by the Director, 12th U.S. Civil service region, Rm. 129 Appraiser building, 630 Sansome street, San Francisco, before Jan. 24.

## Portal Unveils 1949 Boxing Talent Thursday Night in All-College Fight Tourney

For all rabid boxing enthusiasts, the All-College boxing tournament sponsored by Coach Dee Portal Thursday night at 8 p.m. in the college gymnasium should fulfill any and all the desires of the most critical fans.

According to Dee, the card is loaded with good, well-balanced matches. "You can never question the sincerity of the participants," he said. Dee, who is proud of his boys, stated, "They have been taught the fundamentals; they have tried—some from last year's varsity squad, some from the recent Novice tournament; they have the stamina, the courage, the force, or to slang it, the 'guts' to go into the ring with the firm belief that they are on their own and know what to do about it."

From the featherweights to the heavyweights, from the title matches to the exhibition bouts, this is Portal's tournament. He has fathered it, promoted it, and is now presenting it to you, the public.

One of the feature events of the evening will be the bout between Raul Diez and Pete Fransich. Raul never lost a competitive match last year. He lost a close decision to Pete last year in the Novice tournament in a match that could have gone either way.

Pete went on to the Pacific Intercollegiate meet at Sacramento and defeated Jack Dimke from Washington State college for the title. In the National Intercollegiate meet Pete lost a close decision to Bill Diehl from the University of Idaho.

Don Desch, a game and rugged little competitor, will meet Jim McDonald for the 145 pound crown. Desch looked good in the recent Novice tournament. McDonald has had a little varsity competition and should give Desch a good match.

Johnny Johnson made a good showing in the Novice matches, but needs more seasoning to become a skilled boxer. He meets Ray Forsyth in the first of two 1555 pound exhibition matches.

Our forefathers are not living as long as they did.

## Grapplers Beat Navy Matmen

San Jose's varsity wrestlers won seven out of 10 matches and a 31 to 15 team victory over the Alameda Naval Air Station yesterday in Spartan gym before a sparse gathering of 100 fans.

Ben Ichikawa, 121, turned in the fastest fall of the evening when he pinned Stan Chessar of the NAS in 54 seconds of the first period. Spartan Stu McCullough, 145, won by a sensational fall over Bob Spindler, NAS. Spindler, a tall lanky boy, had little chance against the stocky, powerful, McCullough, who won easily in 2:30 of the first period.

In other matches Ricardo Obeso, NAS, won by a fall over Billy Rothwell, 121, of San Jose, and Mickey Mendoza, 136, took a fall from John Aguillar, NAS. Aguillar, a Navy boxing champion, put up a terrific struggle before he was overcome.

In the 155 pound class Willie Drew won by a fall from Orman Kludjhn, NAS. Billy Wardrup, 145, of San Jose, decisioned Darrel McPhail, Bill Cartwright, 165, San Jose, lost to sailor Stan Chub, and Spartan captain Pat Felice, 175, won by a fall over Rocky Mason.

In the heavyweight class Spartan Phil Bray decisioned Horrace Adams, and sailor Chet Biddle, 255, rolled on San Jose's Bob Hipkins.

## Spartans Will Invade National Guard Armory in S. F. Tonight For Casaba Meet with '49ers

By JOHN ROMERO

San Jose's improving basketball team faces a stiff test tonight when Coach Walt McPherson's squad tackles the National Guard '49ers in what may develop into the highest scoring game of the season, the tilt, scheduled for 8 p.m. in the San Francisco National Guard Armory, has all the aspects of a wild scoring affair as both teams have been averaging well over 50 counters a game in their last several contests.

The Spartans have had their ups and downs this season, but after finally getting up a head of steam in the last three games, will be taking their best shots at the '49ers tonight. The Guardsmen have taken the Philippine All-Stars and the Sacramento Jets into camp as of late, however, and will be no soft touch.

Stu Inman, McPherson's big center, went on a 40 point scoring spree against the Nevada Wolf Pack last week to boost his season point total over the 200 digit mark. Inman, a 6-ft., 3-in. tip-in artist with more spring than the month of May will start on the post tonight along with Don McCaslin and Bob Hagen at forwards, and Bob Wuesthoff and Ralph Romero at defense.

Starting for the National Guard at the pivot spot will be big Jim Smith, former California star. Ken Leslie and Em Chapman at forwards, and Ed Conroy and Ernie Filliberti at guards complete the lineup. In Chapman, the former 20th Century-Fox high scorer and Ken Leslie of the Borlo A.C., the Spartans will face two of the top mesh maulers on the coast. The pair have been dropping in counters right and left in their last several games, and should give McPherson's defensive specialists, Wuesthoff and Romero, a busy night.

Reserves on both squads may play a major part tonight. San Jose's Bob "Eggie" Enzensperger at guard, Chuck Crampton, Bob Crowe, and Bob Thomason at forwards, and Billy Wilson and Junior Morgan at center have looked very good in the last few games. Crampton, a converted guard, is a tremendously high jumper. He likes to hang over the rim and stick the ball down through the hoop with his right hand, but his best weapon is a one-handed push shot, usually from far out.

'49er second stringers Elwood Britt, Jack Tweedie, Pete Mandler, and Tom Amberry are stellar performers and could easily break up a close ball game. All are AAU basketball veterans.

## Schedule of WAA Winter Quarter Sports Announced

Delegates from the local organization will attend the convention of the California Athletic Federation of College women at San Rafael Dominican college Feb. 11 and 12. Representatives of all California colleges and universities will be there.

New officers for the year will be elected this quarter, and will take office at the beginning of next quarter, at the annual Awards dinner, Miss Morris said.
